Dear Colonel Hull,

We certainly appreciated the chance to brief General Kuter and his staff, and we are very much impressed by the General.

As you by now know, we visited General Burns and URPIC-Y through the arrangements made by your office and through the assistance of Colonel Kieling and Lt. Col. Fisher.

Enclosed for your information is a copy of my report to Mr. Bissell on URPIC-Y. As Colonel Kieling can testify, our briefing with General Burns was highly satisfactory. He was most attentive and responsive.

Insofar as we here can be of assistance to you out on the front lines, we certainly are eager to do so.
